Dear

What matters to you.....

As Parliamentary Candidate for Dover and Deal I feel that it is important to understand the views of people across the whole constituency. Undertaking surveys like this one is very helpful to that process. It helps me enormously to know your views on what many and varied problems confront local residents.

I hope that, regardless of your political allegiance, you will complete the survey printed overleaf and return it (with any additional comments you wish to make, please write clearly on a separate piece of paper) in the envelope provided.

Why do I care? I live in Deal. My family are from East Kent. I want to see a better community for my family too! I am passionate about working for you to deliver positive change for you and your family, your children and grandchildren. Yet I know we don't have all the answers and it's important to listen to better understand what people want to see and know about particular issues of concern. Please fill it in and return in the freepost envelope with this letter. It won't cost you a penny, yet it will help us to understand more and serve you better.

.....matters to me.

Thank You

Charlie Elphicke
Conservative Parliamentary Candidate Dover & Deal
