

CHARLIE ELPHICKE MP

Better healthcare, more jobs and money

Charlie marching for port workers' jobs

PEOPLE'S PORT

Charlie is campaigning for our community to be able to own our port. This would ensure our port can never be sold overseas. It would mean a real partnership between the ferry companies, the people and the port. Surplus profits would be used to create more jobs and money. The port could then be developed, as it should have been long ago, to provide a great Channel side experience attractive to tourists. The People's Port would see through the sensible development of the Western Docks and turn Dover back into a jewel in the crown of the nation.

CAMPAIGN success...

Mission accomplished!

As a newly elected MP, Charlie had to go into bat to free Major Bill Shaw. Major Shaw was in prison in Afghanistan with the Taliban. It was clear he had committed no crime. Charlie pressed the Foreign Office to act and was delighted when Major Shaw was freed on appeal.

SECURE BORDERS

News that asylum claims have fallen by 80% since the Calais "Jungle" was broken up has been welcomed by Charlie Elphicke. Charlie fought against the Jungle and expressed concern about the number of children there. He is concerned that we should back UKBA border guardians who keep our country safe and has been pressing the Home Office to support the excellent work they do.

A PROPER HOSPITAL

Together with Kent County Council and Dover District Council, Charlie has called on health chiefs to build the new health facility at Whitfield rather than Buckland. Why? Whitfield has room to expand the facility into a proper hospital. Charlie has pressed Health Secretary Andrew Lansley to support the expansion plans, which local GPs tell Charlie they support.

Castle Community Academy

Our community has new academies with Archers Court becoming Christchurch Academy and the Duke of York a boarding academy. Now Castle Community College is becoming an academy too with Charlie having taken up the cause with the Department for Education. These schools will now have greater independence to seek excellence and success.

Expenses pledge delivered

In the election campaign, Charlie promised honest expenses. This has been delivered with expenses being published on Charlie's website at www.elphicke.com. Charlie does not claim for second homes, food or furniture. He has published all receipts and paperwork so everyone can see how their money is being spent.

BETTER DEAL

Jobs and transport are under the spotlight in Deal. Charlie has been supporting the Landmark Centre's excellent Jobs Club. He has also been pressing JobCentre Plus to open an outreach in Deal to save people journeys to Dover.

Charlie has also met with rail chiefs to press for better rail connections at Dover and Ramsgate - as well as for the fast train to stop at Deal.

Still campaigning to save green spaces

As a believer in protecting green open spaces and our countryside, Charlie opposes the developments planned at Sholden, Middle Deal and Whitfield. He believes the plans for Sholden and Middle Deal are wholly misconceived and inappropriate. The plans for Whitfield are a serious concern as they were so advanced when Charlie was elected. He is still doing all he can with the community to hold back the bulldozers and ensure Whitfield gets a fair deal on planning gain if development goes ahead.
